MIT Press Ltd, United States, 2009. Hardback. Condition: New. Language: English. Brand new Book. An original and comprehensive approach to reduplication, with extensive examples and case studies in many languages. A convincing account of reduplicative phenomena has been a longstanding problem for rule-based theories of morphophonology. Many scholars believe that derivational phonology is incapable in principle of analyzing reduplication. In *Distributed Reduplication*, John Frampton demonstrates the adequacy of rule-based theories by providing a general account within that framework and illustrating his...
